RESPONSE TO RESTRICTION REQUIREMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In the Official Action dated May 17, 2005, the Examiner required restriction under 35 U.S.C. §121 between claims 33-39, 41-43, 68-79, 80 and 82, drawn to a method of performing visual correction in a patient, and claims 44-50, 55-57 and 60-67, drawn to a sealing device for use in ophthalmic surgery. The Examiner asserted that the product as claimed can be used in a materially different process.

Applicants elect claims 33-39, 41-43, 68-79, 80 and 82 for further prosecution on the merits. This election is made with traverse on the basis that it would not be unduly burdensome for the Examiner to examine all of claims 33-39, 41-50, 55-57 and 60-82 in this application, particularly since the Examiner has already substantively examined all of the claims in this application in the Official Actions of July 14, 2003, February 10, 2004 and August 11, 2004. Accordingly, reconsideration of the restriction requirement is respectfully requested.

Respectfully submitted,

Holly D. Kozlowski
